Message from the President

for which the Society is established are:-

- (a) To advance the art and science of ultrasound in medicine and research through educational, scientific, literary and professional activities for the public benefit.
- (b) To promote good medical ultrasound practice for improvement or enhancement of public health in Hong Kong SAR.
- (c) To promote postgraduate training in ultrasound in medicine for the public benefit.
- (d) To support research in ultrasound in medicine for the public benefit.
- (e) To provide education and consultation in science and ultrasound in medicine to the public.

The HKSUM has established a good platform for further development. First, the HKSUM has been successfully affiliated to Asian Federation of Societies for Ultrasound in Medicine and Biology (AFSUMB). Second, exemption under Section 88 of the Inland Revenue Ordinance was granted to the HKSUM with effect from 28 July 2007.

You are welcome to join the HKSUM. The benefits include a certificate of membership, free attendance to scientific meetings held by HKSUM, and access to resource materials in our web site (www.hksum.com.hk). For details, please click the membership application section. At present, the entry fee to HKSUM will be waived, and proposers can be omitted.

In addition, members can apply for a grant to receive training or perform research in Japan in 2009. For details, please click the grant application form.

Looking forward to your participation in the HKSUM.

Best wishes,

KY Leung
President, HKSUM
